

9ance NeeN AI Certified Specialist Program

Get Trained. Get Certified. Get Placed.

About the Program

The 9ance NeeN AI Certified Specialist Program is a 90-day, hands-on certification and placement program that trains candidates to operate, automate, and support NeeN AI CRM and NeeN AI ERP — 9ance's AI-powered business platform used by companies across sales, real estate, education, and enterprise operations in India.

Graduates are certified across three tiers and listed on the 9ance Verified Specialist Directory, where hiring businesses can find and directly connect with certified talent.

90-Day Curriculum

- Month 1 — Foundations & Pipeline Hygiene: Lead intake, contact/account structures, deal pipelines, WhatsApp & Email setup, and data hygiene.
- Month 2 — Advanced Workflow Automation: Trigger-based automation, lead scoring & routing, and webhook/form integrations from Meta Ads, landing pages, and websites.
- Month 3 — AI Voice, Conversational Bots & Capstone: NeeN AI chatbot configuration, AI voice agent & telephony routing, and a live capstone project simulating a real business deployment.
- Beyond CRM — Integrated ERP (Tally Mode): Since NeeN AI CRM and NeeN AI ERP run on one unified platform, certified specialists can extend into ERP — inventory, finance workflows, and Tally Mode — unlocking higher-tier roles.

Certification Tiers & Salary Ranges

Tier	Responsibilities	Monthly Range
Junior Specialist	Daily CRM/ERP operations, WhatsApp communication, lead hygiene	₹25,000 – ₹35,000
Mid-Level Specialist	Automation pipelines, chatbot logic, dashboard reporting	₹35,000 – ₹60,000
Senior Solutions Architect	Full CRM + ERP + AI voice architecture across operations	₹60,000 – ₹1,00,000

Salary ranges reflect typical market placements and are not a fixed guarantee.

The 9ance Income Bridge Guarantee

If a certified candidate is not placed with a hiring business within 90 days of certification, they join the 9ance Support & Implementation Team, working on live client projects with a guaranteed stipend of ₹15,000 per month until placement. Every certified candidate is either working for a client, or working for 9ance — never unpaid, never idle.

Program Details

- Duration: 90 days, live cohort-based training
- Fee: ₹25,000 (certification + placement support)
- Format: Hands-on, project-based, real platform access from Day 1
- Outcome: Verified 9ance Certification + Directory Listing + Guaranteed Income Bridge

Training Centre

Office 1007, 10th Floor, A Block, Unicus Shyamal, Polytechnic (Ahmedabad), Ahmedabad, Ahmedabad City, Gujarat, India, 380015

All 90-day cohorts are conducted live, in-person, at the 9ance Training Centre in Ahmedabad — giving candidates hands-on, supervised access to the NeeN AI CRM and ERP platform throughout the program.

Registration

- Apply online — submit your details through the registration form.
- Screening call — our team confirms eligibility and answers questions about fee, curriculum, and placement.
- Seat confirmation — secure your seat with the registration payment.
- Batch orientation — begin your 90-day cohort at the Ahmedabad Training Centre.

Seats per batch are limited to maintain hands-on training quality. Early registration is recommended as batches fill on a rolling basis.
